Every day is an invitation to move, play, and recharge. There are nearby scenic park connectors, the East Coast Park, and upcoming green spaces for morning jogs, evening strolls, and weekend family outings, alongside the future SAFRA Bayshore — Singapore's largest SAFRA clubhouse — offering even more lifestyle and recreational options close to home.

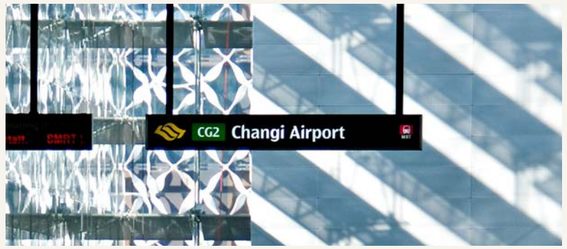

Stretch a little further and you'll find yourself surrounded by parks and several pockets of gardens for even more space to cycle, exercise, or simply relax in nature.

ANCHORED AMIDST MULTIPLE *Masterplans.*

ENHANCED CONNECTIVITY

The Thomson-East Coast Line (TEL) will extend to Changi Airport, providing a direct and seamless MRT ride from home. This extension will become the primary rail link to Changi Airport, including the future Terminal 5.

Bedok South MRT station, located at Upper East Coast Road and Bedok South Road, will be part of the Thomson–East Coast Line. Plans have been outlined for a **future Integrated Transport Hub** in the area, which is intended to enhance connectivity and convenience in the neighbourhood.

REVITALISED BAYSHORE COMMUNITY

The future integrated Bayshore Central precinct will be a car-lite seafront residential community with integrated green spaces and parks, along the Thomson–East Coast Line. At its heart will be a lively central street with bus-priority lanes, shops, and community facilities.

Located near the Bayshore–Bedok South corridor, Singapore's **Long Island vision** involves the potential reclamation of about 800 hectares of land off the East Coast to support coastal protection and create a multipurpose seafront precinct. Plans under study include a new reservoir, possible recreational water activities, coastal and reservoir parks, and land for future housing and amenities.

800-HECTARE
RECLAIMED PARADISE

ELEVATED ACTIVE LIVING & WELLNESS

LARGEST SAFRA CLUBHOUSE

>30,000 m²

SAFRA Bayshore, targeted to open in 2030 next to the future Bedok South MRT station, will be SAFRA's largest clubhouse. It is being designed to provide modern recreational and lifestyle facilities for NSmen and their families in the East.

Under the **"Kallang Alive" masterplan**, the Kallang sports recreation precinct will be redeveloped into a major integrated sports, training, and lifestyle hub. A new 18,000-seat indoor arena is planned, alongside the relocation of the Singapore Sports School to the precinct, and the consolidation of elite training, sports science and related facilities, all within a pedestrian-friendly environment.

CHANGI TRANSFORMED

1,080
-HECTARE DEVELOPMENT

The Changi East expansion covers around 1,080 hectares and will be anchored by **the upcoming Terminal 5**, together with enhanced aviation and logistics facilities. The adjacent Changi East Urban District is planned as a business, lifestyle, and recreation-friendly precinct, leveraging world-class airport connectivity and major transport links to create a well-connected hub for work, life, and travel in the East.

SMART AND GREEN SOLUTIONS.

BCA GREEN MARK

Sustainable design, energy-efficient systems, and eco-friendly materials create healthier, balanced living, reducing environmental impact while enabling residents to connect with nature. Responsibly sourced, certified green products and low-impact materials further support eco-conscious living while minimising waste.

SingHaiyi Group integrates sustainability into its property developments, emphasising thoughtful design and environmental responsibility. The development is certified under Singapore's BCA Green Mark achieving Platinum Super-Low Energy award, featuring energy-saving measures such as solar panels and energy-saving lighting. These initiatives reflect the group's commitment to innovation and sustainable development.

ON-SITE RENEWABLE ENERGY (SOLAR).

On-site systems offset at least 30% of the common area's energy consumption, significantly reducing reliance on conventional energy sources.

ENERGY-EFFICIENT SYSTEMS.

Units and common areas are equipped with 5-tick energy-efficient air conditioning and high-efficiency LED lighting, achieving at least 60% energy savings. High-performance glazing in the facade helps reduce heat gain, while ceiling fans enhance thermal comfort.

LOW VOLATILE ORGANIC COMPOUNDS (VOCS).

More than 60% of the development is designed with low-VOC materials rated 4 ticks under Singapore Green Building Product (SGBP) to promote healthier indoor living and a more sustainable lifestyle.

SUSTAINABLE CONSTRUCTION.

The development is adopting 65% Advanced Precast Concrete System (APCS) minimising resource use and wastage.

DIGITAL FEEDBACK PLATFORM.

Residents can easily manage their living experience through a digital platform — book facilities, register visitors, provide feedback, and stay updated on upcoming events and community activities.

GREENERY FEATURES.

Extensive greenery is integrated within the development to reduce heat gain, enhance microclimate, and achieve a Green Plot Ratio.

DEMAND CONTROL STRATEGIES.

Systems in common facilities automatically regulate lighting, air conditioning, and mechanical ventilation, switching off when spaces are unoccupied. Smart occupancy sensors enhance energy efficiency by minimising wastage across function rooms, the gym, and other common facilities.

SUSTAINABLE ARCHITECTURAL AND LANDSCAPE MATERIALS.

Over 80% of architectural and landscape works use sustainable products and finishes rated at least two SGBP ticks.

QUALITY FITTINGS FROM RENOWNED BRANDS.

Own top-quality fittings from four leaders in design and innovation. From sanitaryware and high-end tapware to precision cookware and premium washers, this collection brings exceptional quality, functionality, and international excellence to every home.

GEBERIT

SANITARYWARES

Geberit's intelligently designed sanitarywares ensure superior hygiene, comfort, and seamless integration into elegant bathroom spaces.

Miele

COOKWARE

Renowned for its German innovation, durability, and elegant design, Miele cookware elevates everyday cooking into a refined culinary experience.

SINGHAIYI
新海逸

SHAPING A NEW CHAPTER OF COASTAL LIVING.

At SingHaiyi, we create highly liveable, enduring communities through our strict focus on quality construction, thoughtful design, and strong investment potential.

We are backed by a diversified portfolio spanning commercial and hospitality assets, anchoring us to a stable foundation and enabling us to deliver with confidence across market cycles.

Guided by our philosophy of "精誠存信 佳業傳承," which reflects our commitment to acting with sincerity and upholding trust, we strive to build a legacy of excellence that endures across generations. We build homes you can trust and shape communities designed to stand the test of time.

As Singapore's East Coast continues to evolve, we are committed to realising the Bayshore vision of bringing you the very best in connectivity, lifestyle, and quality living.
